

## Consent to Classroom Instruction

Student Name: \_\_\_\_\_

This form serves as your:

First Notice                      Date: 8/17/18  
 Second Notice                      Date: \_\_\_\_\_

Warsaw Community Schools provides this consent form to you before students receive human sexuality instruction. The school corporation's curriculum educates students about reproductive science, reproductive health and wellness, human development, childhood development, as well as abstinence from sexual activities outside of marriage and sexual transmitted diseases, as required by Indiana law. The exact instructional content varies depending upon the age and grade level of the students. The instruction provided is also designed to satisfy the Indiana Academic Standards for Health and Wellness established by the Indiana Department of Education.

For the past 25 years, McMillen Health from Fort Wayne has provided approximately one hour of instruction to elementary school students and will continue to do so. As in the past, elementary school parents will receive a separate notice about that instruction as well as an invitation to attend a parent orientation and question and answer session to be held during the evening before McMillen Health begins its instruction.

If a student does not participate in the instruction on human sexuality, Warsaw Community Schools will provide alternative, academic instruction to the student during the same time frame that the instruction on human sexuality is offered.

You can review and inspect all materials used in connection with the instruction on human sexuality. These materials are available for your review and inspection in the central administration office, 1 Administration Drive, Warsaw, during normal business hours.

If Warsaw Community Schools does not receive a response from you within ten days after the second notice, the student will receive human sexuality instruction unless you subsequently opt out of the instruction.

Please indicate your selection below and return the form to your school office.

Consent to the Instruction                       Decline Instruction
